1 **NOTICE OF MOTION**

2 **TO: ALL PARTIES AND THEIR ATTORNEYS OF RECORD**

3 PLEASE TAKE NOTICE that on February 22, 2024, at 10:00 a.m., or as soon thereafter as  
4 counsel may be heard before the Honorable James Donato, United States District Judge, at the United  
5 States Courthouse, United States District Court, Northern District of California, 450 Golden Gate Ave.,  
6 San Francisco, California, Lead Plaintiff Saisravan Bharadwaj Karri (“Plaintiff”)<sup>1</sup> and his counsel,  
7 Monteverde & Associates PC (“Lead Counsel” or the “Monteverde Firm”), will and hereby do move  
8 for entry of an Order awarding attorneys’ fees and providing for payment of litigation expenses and a  
9 service award to Plaintiff.

10 This Motion is supported by the following Memorandum of Points and Authorities, the  
11 accompanying Declaration of Juan E. Monteverde (“Monteverde Decl.”) and the Exhibits thereto, the  
12 previous filings in this case, and such other and further representations as may be made by counsel at  
13 any hearing on this matter.

14 **STATEMENT OF ISSUES TO BE DECIDED**

15 1. Whether the Court should approve as fair and reasonable Lead Counsel’s application for  
16 attorneys’ fees in the amount of one-third of the Settlement Amount, and reimbursement of expenses of  
17 \$397,680.55, plus all interest accrued thereon.

18 2. Whether the Court should award Plaintiff \$5,000 for his time and expenses incurred in  
19 representing the Class.

20 **MEMORANDUM OF POINTS AND AUTHORITIES**

21 **I. INTRODUCTION**

22 After more than four years of hard-fought litigation involving a minimally developed area of the  
23 law and a claim on which not a single case has gone to trial this century, Plaintiff secured a \$15,250,000  
24 Settlement Amount for the Settlement Class in this Section 14(a) merger litigation. The difficulties of

27 Settlement dated March 16, 2023, as modified by the Addendum to Stipulation of Settlement dated  
28 May 19, 2023. ECF Nos. 199-2 and 199-3.

1 proving Section 14(a) damages coupled with an emerging and challenging body of law on these claims  
2 are a testament to Lead Counsel’s efforts and underscore the significance of the Settlement Amount.

3 Even if Plaintiff prevailed on liability, which was exceedingly difficult on the evidentiary record  
4 and required challenging management’s business decision to exit a business segment that reduced  
5 revenues in the February Projections, loss causation presents challenges in this case that far exceed the  
6 obstacles facing plaintiffs in more frequently litigated Rule 10b-5 cases seeking losses incurred during  
7 a stock price drop. Here, Plaintiff’s loss causation theory is that shareholders were misled into approving  
8 an acquisition that undervalued Oclaro, notwithstanding the fact that the merger consideration  
9 represented a 27% *premium* over Oclaro’s stock price the day before the Merger. Although Plaintiff  
10 believes his loss causation theory is valid under Supreme Court precedent,<sup>2</sup> several recent lower court  
11 opinions have found that when shareholders receive a premium over the trading price it forecloses a  
12 finding of economic loss, because the merger consideration is “greater than the market value or actual  
13 value of the shares without consideration of the merger due to the existence of a merger premium.” *In*  
14 *re Resolute Energy Corp. Sec. Litig.*, No. 19-77-RGA, 2021 U.S. Dist. LEXIS 19193, at \*5, \*10 (D.  
15 Del. Feb. 1, 2021) (citing five other opinions in support of proposition). If this Court had agreed with  
16 the reasoning in such cases, Plaintiff would have been unable to prove loss causation as a matter of law  
17 and there would have been no recovery for the Settlement Class.

18 Nevertheless, through Lead Counsel’s ingenuity, vigorous advocacy, skill and perseverance  
19 despite significant impediments to recovery, Plaintiff secured proposed relief for the Settlement Class  
20 that is not just in line with, but superior to, other § 14(a) “merger projection challenge” case settlements  
21 involving companies with larger market caps and much higher stock prices. The Class will recover \$0.09  
22 per share for Oclaro shares that were valued at \$8.36, compared to \$0.14 per share for a \$46 stock in *In*  
23 *re Envision Healthcare Corp.*, No. 18-1068-RGA (D. Del.) or \$0.40 per share for a \$111 stock in *NECA-*

1 In litigating this case, Lead Counsel expended substantial resources, including more than 7,782.9  
2 hours in professional time and \$397,680.55 in expenses, without any assurance of recovery. As  
3 compensation for its efforts, Lead Counsel requests that the Court award attorneys' fees of one-third of  
4 the Settlement Amount, plus the interest earned thereon. At present, a one-third fee of the \$15,250,000  
5 Settlement Amount is \$5,083,333.33. While Lead Counsel notes that additional time will be spent  
6 in connection with seeking final approval and settlement administration, Lead Counsel's current  
7 lodestar of \$5,460,580 already exceeds the fee request. Thus, Lead Counsel's attorneys' fee request  
8 is less than the value of the time that the Monteverde Firm has expended in this case and represents  
9 a negative multiplier to its lodestar.

10 Lead Counsel's fee request is fair and reasonable given its efforts on behalf of the Settlement  
11 Class and the substantial risks undertaken by the Monteverde Firm in this Section 14(a) merger litigation.  
12 *See generally* Monteverde Decl. Indeed, Lead Counsel conducted a thorough investigation, drafted  
13 complaints, and ultimately defeated, in part, Defendants' initial motion to dismiss as well as Oclaro's  
14 motion for judgment on the pleadings, conducted extensive fact discovery that included: (i) propounding  
15 11 subpoenas; (ii) propounding and responding to multiple written discovery requests; (iii) reviewing in  
16 excess of 400,000 pages of documents containing e-mails, board materials, financial data and  
17 projections, analyst reports, and other Merger related documentation; (iv) producing documents to  
18 Defendants; (v) conducting 11 fact witness depositions; (vi) expert reports; (vii) conducting depositions  
19 of each of the parties' experts; and (viii) securing affidavits from relevant third parties. In particular,  
20 Plaintiff obtained an affidavit from Ford Tamer, CEO of Inphi, a bidder in the sales process, as well as  
21 affidavits from Glass Lewis and ISS related to their processes in recommending mergers.

22 Moreover, Lead Counsel sought input from the Settlement Class by mailing surveys to  
23 approximately 2,000 potential Settlement Class Members to ascertain their views regarding pertinent  
24 issues in the case. Plaintiff's motion for class certification was fully briefed and Lead Counsel was  
25 developing Plaintiff's claims for trial when, on January 10, 2023, the parties attended a second mediation  
26 that lasted 14-hours with Michelle M. Yoshida, Esq. of Phillips ADR Enterprises, after which the parties  
27 reached an agreement and executed a term sheet memorializing the key Settlement terms, including the

1 \$15,250,000 common fund.

2 At every stage of this Action, from case initiation through mediation and settlement, Lead  
3 Counsel has exhibited diligence, hard work, and skill that justifies the requested fee. Lead Counsel's  
4 fee award is also consistent with the percentage range of fees awarded in the Ninth Circuit in common  
5 fund cases, and warranted by the substantial recovery obtained over the heightened risks presented in  
6 this Section 14(a) merger litigation. A lodestar cross-check confirms the reasonableness of the requested  
7 fee, as one-third of the Settlement Amount is *less* than Lead Counsel's lodestar, and counsel respectfully  
8 submits that a higher fee representing a multiplier to Lead Counsel's lodestar would have been justified  
9 here.

## 10 **II. HISTORY OF THE LITIGATION AND FACTUAL BACKGROUND**

11 In accordance with this District's Procedural Guidance for Class Action Settlements ("Northern  
12 District Guidelines"), the relevant procedural history and facts will be set out in Plaintiff's forthcoming  
13 memorandum in support of final approval of the Settlement which will be filed on or before January 11,  
14 2024, in accordance with the Court's Order Re Preliminary Approval (ECF No. 209), and are thus not  
15 repeated here. *See* Northern District Guidelines, Final Approval ¶ 2 ("If the plaintiffs choose to file two  
16 separate motions, they should not repeat the case history and background facts in both motions. The  
17 motion for attorneys' fees should refer to the history and facts set out in the motion for final approval.").  
18 A summary of certain pertinent facts and background may also be found in Lead Plaintiff's Notice of  
19 Motion, Revised Motion for Preliminary Approval of Settlement, and Memorandum of Points and  
20 Authorities in Support Thereof. ECF No. 199.

## 21 **III. THE REQUESTED FEE IS FAIR AND REASONABLE**

### 22 **A. A REASONABLE PERCENTAGE OF THE FUND IS THE APPROPRIATE METHOD FOR** 23 **AWARDING ATTORNEYS' FEES IN COMMON FUND CASES**

24 Well-established Supreme Court precedent provides that "a litigant or a lawyer who recovers a  
25 common fund for the benefit of persons other than himself or his client is entitled to a reasonable  
26 attorneys' fee from the fund as a whole." *Boeing Co. v. Van Gemert*, 444 U.S. 472, 478 (1980). Under  
27 the common fund doctrine, "a private plaintiff, or his attorney, whose efforts create, discover, increase  
28

1 or preserve a fund to which others also have a claim is entitled to recover from the fund the costs of his  
2 litigation, including attorneys' fees." *Vincent v. Hughes Air W., Inc.*, 557 F.2d 759, 769 (9th Cir. 1977);  
3 accord *In re Nat'l Collegiate Athletic Ass'n Grant-in-Aid Cap Antitrust Litig.*, 768 F. App'x 651, 653  
4 (9th Cir. 2019). This Court has also noted that "[t]he use of the percentage-of-the-fund method in  
5 common-fund cases is the prevailing practice in the Ninth Circuit for awarding attorneys' fees and  
6 permits the Court to focus on a showing that a fund conferring benefits on a class was created through  
7 the efforts of plaintiffs' counsel." *In re Capacitors Antitrust Litig.*, 2018 U.S. Dist. LEXIS 169764, at  
8 \*43 (N.D. Cal. June 27, 2017) (Donato, J.) (citation omitted).

9 Courts have discretion to employ either the percentage of recovery or lodestar method, *In re*  
10 *Bluetooth Headset Prods. Liab. Litig.*, 654 F.3d 935, 942 (9th Cir. 2011), but the Ninth Circuit has  
11 consistently approved the use of the percentage method in common fund cases. *See, e.g., Vizcaino v.*  
12 *Microsoft Corp.*, 290 F.3d 1043, 1047-48 (9th Cir. 2002); *see also In re Omnivision Techs., Inc.*, 559 F.  
13 Supp. 2d 1036, 1046 (N.D. Cal. 2008) ("use of the percentage method in common fund cases appears  
14 to be dominant"); *Capacitors*, 2018 U.S. Dist. LEXIS 169764, at \*2 ("The percentage-of-the fund  
15 method is *preferred* when counsel's efforts have created a common fund for the benefit of the class.")  
16 (emphasis in original).

17 The PSLRA also contemplates that fees be awarded on a percentage basis, authorizing attorneys'  
18 fees and expenses to counsel that do not exceed "a reasonable percentage of the amount of any damages  
19 and prejudgment interest actually paid to the class." 15 U.S.C. § 78u-4(a)(6); *see also In re Am. Apparel,*  
20 *Inc. S'holder Litig.*, 2014 U.S. Dist. LEXIS 184548, at \*66 (C.D. Cal. July 28, 2014) ("Congress plainly  
21 contemplated that percentage-of-recovery would be the primary measure of attorneys' fees awards in  
22 federal securities class actions.").

23 The rationale for compensating counsel on a percentage basis in common fund cases is grounded  
24 on principles of equity and fairness. "[C]ourts try to . . . [tie] together the interests of class members and  
25 class counsel" by "teather[ing] the value of an attorneys' fees award to the value of the class recovery .  
26 . . [t]he more valuable the class recovery, the greater the fees award . . . [a]nd vice versa." *In re HP Inkjet*  
27 *Printer Litig.*, 716 F.3d 1173, 1178 (9th Cir. 2013). Use of the percentage-of-recovery method is  
28

1 particularly appropriate in common fund cases such as this one because “the benefit to the class is easily  
2 quantified.” *Bluetooth*, 654 F.3d at 942; *Baird v. BlackRock Institutional Tr. Co.*, 2021 U.S. Dist. LEXIS  
3 212886, at \*24-\*25 (N.D. Cal. Nov. 3, 2021) (applying percentage of the fund method and lodestar  
4 crosscheck); *Vataj v. Johnson*, 2021 U.S. Dist. LEXIS 214678, at \*23 (N.D. Cal. Nov. 5, 2021) (same).

5 **B. AN UPWARD ADJUSTMENT OF THE NINTH CIRCUIT BENCHMARK IS WARRANTED**

6 “Courts in the Ninth Circuit applying the ‘percentage of the fund’ approach use a twenty-five  
7 percent benchmark.” *Capacitors*, 2018 U.S. Dist. LEXIS 169764, at \*44. However, the 25%  
8 benchmark is merely a starting point, as “in most common fund cases, the award exceeds that  
9 benchmark.” *Omnivision*, 559 F. Supp. 2d at 1047; *Vataj*, 2021 U.S. Dist. LEXIS 214678, at \*25  
10 (noting that in the Ninth Circuit, “the 25% award [is] a starting point.”). Indeed, Lead Counsel’s  
11 one-third fee request is well within the range of percentage fees that courts in this Circuit have  
12 awarded in other complex class actions. *See, e.g., Davis v. Yelp, Inc.*, 2023 U.S. Dist. LEXIS 40323,  
13 at \*6 (N.D. Cal. Jan. 27, 2023) (awarding 33% of 22.25 million settlement in securities case and  
14 collecting cases awarding same percentage of similarly sized common funds); *In re Capacitors*

17 \$604,550,000 settlement); *Andrews v. Plains All Am. Pipeline L.P.*, 2022 U.S. Dist. LEXIS 172183,

23 69797, at \*32 (N.D. Cal. Apr. 24 2019) (awarding 30% of \$8.3 million settlement); *In re Pac.*  
24 *Enters. Sec. Litig.*, 47 F.3d 373, 379 (9th Cir. 1995) (awarding 33% of \$12 million settlement).

25 Adjustments to the benchmark may be made in light of the following factors which, among other  
26 things, take into consideration the contingent risk facing counsel, the lodestar cross-check, and the  
27 benefits achieved – factors which in this case weigh heavily in favor of an upward adjustment of the  
28

1 benchmark to 33.33%:

- 2 (1) The results achieved; (2) the risks of litigation; (3) the skill required and the quality  
3 of the work; (4) awards in similar cases; (5) the contingent nature of the  
4 representation and the opportunity cost of bringing the suit; (6) reactions from the  
5 class; and (7) a lodestar cross-check.

6 *See generally In re Volkswagen "Clean Diesel" Mktg., Sales Practices, & Prods. Liab. Litig.*, No.  
7 2672 CRB (JSC), 2017 U.S. Dist. LEXIS 39115, at \*721-\*722 (N.D. Cal. Mar. 17, 2017) (citing  
8 *Vizcaino*, 290 F.3d at 1048-52). As discussed below, the requested one-third fee is fair and reasonable.

### 9 **1. Lead Counsel Achieved a Good Result for the Settlement Class**

10 Courts have consistently recognized that the result achieved is "the most critical factor" to  
11 consider in making a fee award. *Hensley v. Eckerhart*, 461 U.S. 424, 436 (1983); *Hefler v. Wells Fargo*  
12 & *Co.*, 2018 U.S. Dist. LEXIS 213045, at \*37 (N.D. Cal. Dec. 18, 2018), *aff'd sub nom. Hefler v. Pekoc*,  
13 802 F. App'x 285 (9th Cir. 2020). Here, despite enormous risk, Lead Counsel obtained a good recovery  
14 for the Settlement Class when measured as a percentage of estimated recoverable damages at trial  
15 relative to other securities class action settlements and on a per share basis as against comparable Section  
16 14(a) merger litigation settlements.

17 The Settlement Amount of \$15.25 million exceeds or is in line with other Section 14(a)  
18 settlements, which raise unique challenges that do not exist in more traditional securities fraud actions  
19 under Section 10(b)/Rule 10b-5. Of the five Section 14(a) merger litigation settlements described in  
20 Appendix A appended hereto, the Settlement Amount here *exceeds three of five* of those settlements on  
21 a per share basis (the two other settlements involved much smaller companies and are thus less  
22 meaningful comparisons). For example, in *Envision*, the settlement represented approximately \$0.14  
23 per share on a \$46 stock. *See Appendix A*. In *Harman*, the settlement was \$0.40 per share for a \$111  
24 stock and in *Precision Castparts*, the settlement was \$0.16 on a \$235 stock. *See Appendix A*. Here, the  
25 Class will recover \$0.09 per share for its \$8.36 Oclaro stock. Put another way, the per share value of this  
26 Settlement is 1.044% of the share price while *Precision Castparts*, *Harman*, and *Envision* recoveries per  
27 share are just 0.068%, 0.359%, and 0.304%, respectively, of the share price. The Settlement here also  
28 surpasses the comparable settlements by yet another measure. Two of the companies, *Envision* and

1 *Harman*, are most like Oclaro in terms of market capitalization, although Oclaro’s market capitalization  
2 is several billion less than either of those companies. Still, the \$15.25 million Settlement Amount  
3 represents an approximately 0.85% recovery over market cap, while the recoveries in *Envision* and  
4 *Harman* are substantially less at merely 0.18% and 0.51%, respectively, over market cap.

5 The Settlement Amount is also a commendable result when measured against securities class  
6 action settlements more generally. Lead Counsel secured a proposed settlement fund that represents  
7 4.54% - 13.84% of plausible damages predicated on the cash portion of the merger consideration – an  
8 approach to calculating damages here that this Court has construed favorably.<sup>3</sup> Thus, the Settlement  
9 value exceeds the average recoveries in other securities class actions. *See, e.g., Vataj*, 2021 U.S. Dist.  
10 LEXIS 214678, at \*25-26 (noting that a \$10 million common fund that represented a 2% recovery on  
11 estimated damages was consistent with the 2-3% average recovery that the parties identified in other  
12 securities class action settlements and “represents an excellent result for class members.”); *Omnivision*,  
13 559 F. Supp.2d at 1046 (noting that a recovery of 9% of possible damages was “more than triple the  
14 average recovery in securities class action settlements”); Janeen McIntosh, Svetlana Starykh & Edward

## 22 2. The Litigation Was Uncertain and Highly Complex

23 The “complexity of the issues and risks” undertaken by counsel are also relevant factors to  
24 be considered in fashioning an appropriate fee award. *Pac. Enters.*, 47 F.3d at 379. Section 14(a)

1 merger cases are few and far between and no such case has gone to trial this century. The dearth of  
2 Section 14(a) merger litigation has led to a limited and inconsistent body of law and even greater  
3 uncertainty for practitioners like Lead Counsel that litigate these cases.

4 The complexity and risks of this Action were magnified by the fact that the merger  
5 consideration consisted of both cash and stock, giving way to vigorous debate amongst the parties'  
6 experts as to the measure of damages. *Cf. Vinh Nguyen v. Radiant Pharms. Corp.*, 2014 U.S. Dist.  
7 LEXIS 63312, at \*6 (C.D. Cal. May 6, 2014) (noting that in securities class actions, “[p]roving and  
8 calculating damages required a complex analysis, requiring the jury to parse divergent positions of  
9 expert witnesses in a complex area of the law. The outcome of that analysis is inherently difficult  
10 to predict and risky.”). Defendants have repeatedly emphasized that Plaintiff cannot establish  
11 causally-related damages because Oclaro stockholders received the full benefit that Oclaro  
12 bargained for in the Merger, and the consideration was the best price reasonably available for  
13 Oclaro’s stockholders and a premium to Oclaro’s trading price. ECF No. 184 at 6. In particular, the  
14 Merger provided that each share of Oclaro stock would be exchanged for \$5.60 in cash and 0.0636  
15 shares of Lumentum stock. ECF No. 20 at 20, ¶77. That Lumentum’s stock declined between the  
16 time of signing and the date the Merger closed, Defendants argued, was both well-known and fully  
17 disclosed by Lumentum and constituted an intervening cause that destroyed any alleged causation.  
18 ECF No. 184 at 7. At trial, the case would have turned largely on expert testimony concerning these  
19 highly technical economic issues, as well as Plaintiff’s ability to establish liability by convincing a  
20 jury that Defendants’ primary rationale for reducing Oclaro’s projections was a pretextual attempt  
21 to justify the reduction rather than a legitimate business decision. *See In re Extreme Networks, Inc.*  
22 *Sec. Litig.*, No. 15-cv-04883-BLF, 2019 U.S. Dist. LEXIS 121886, at \*24-\*25 (N.D. Cal. July 22,  
23 2019) (noting that “[s]ecurities actions, in particular are often long, hard-fought, complicated, and  
24 extremely difficult to win” facing “obstacles include[ing] challenges to the material falsity of each  
25 alleged misstatement, class certification challenges, loss causation and damages challenges, and the  
26 risks inherent in a ‘battle of the experts’ of complex economic theories in a jury trial.”). Lead  
27 Counsel, however, met these challenges head on at every procedural step of the litigation. *See*

1 *generally* Monteverde Decl. Twice Defendants sought dismissal of the Action and Oclaro filed a  
2 motion for judgment on the pleadings under Fed. R. Civ. P. 12(c), yet Lead Counsel persevered,  
3 propounding extensive discovery, retaining experts, filing Plaintiff’s motion for class certification,  
4 and preparing the claims for trial. The Settlement is a testament to Lead Counsel’s efforts in the face  
5 of significant obstacles to recovery.

### 6 **3. Lead Counsel’s Fee Request is Consistent with Awards in Similar Cases**

7 Lead Counsel’s fee request is also supported by awards in similar cases. Under the Ninth  
8 Circuit’s “market rate for the particular field of law” factor, it is ““appropriate to examine lawyers’  
9 reasonable expectations, which are based on the circumstances of the case and the range of fee awards  
10 out of common funds of comparable size.”” *In re Facebook Biometric Info. Priv. Litig.*, 522 F. Supp. 3d  
11 617, 632 (N.D. Cal. 2021) (quoting *Vizcaino*, 290 F.3d at 1050). Here, the one-third fee request is  
12 consistent with the fees awarded in other recent Section 14(a) settlements (including two approved by  
13 courts within the Ninth Circuit, and three obtained by Lead Counsel). *See In re Envision Healthcare*

19 *Castparts Corp, et al.*, 16-cv-01756-YY, ECF No. 169 (D. Or. 2021) (awarding 1/3 of \$21 million).

### 20 **4. The Skill Required and Quality of the Work**

21 The demonstrated skill of Lead Counsel and the quality of its work further supports the  
22 reasonableness of the requested fee. As this Court is aware, Lead Counsel successfully overcame  
23 several potentially dispositive motions and has vigorously advocated for the Settlement Class  
24 throughout the litigation. The Monteverde Firm has a commendable history of achieving valuable  
25 outcomes for investors, and its skill and zealous advocacy in shareholder litigation is well-  
26 recognized. *See generally* Monteverde Decl. The Monteverde Firm is listed in the Top 50 in the  
27 2018-2022 ISS Securities Class Action Services Report in recognition of the substantial settlements

1 achieved by the firm on behalf of shareholders.<sup>4</sup> In this case, Lead Counsel’s skill, experience, and  
2 perseverance has brought about an outstanding result.

3 The standing of opposing counsel also merits consideration because such standing reflects  
4 the challenges faced by Lead Counsel and the skill necessary to meet those challenges. *See, e.g.,*  
5 *Wing v. Asarco Inc.*, 114 F.3d 986, 989 (9th Cir. 1997) (noting the district court’s evaluation of the  
6 job done by class counsel “in light of the quality of opposition counsel and [defendant’s] record of  
7 success in such litigation”). Defendants were represented by teams of experienced attorneys from  
8 Wilson Sonsini Goodrich & Rosati and Jones Day, both well-regarded law firms. These firms  
9 expended considerable effort and expense in their zealous defense against Plaintiff’s claims. The  
10 favorable result obtained by Lead Counsel against these formidable firms and their well-financed  
11 clients are further evidence of Lead Counsel’s skill and supports the requested fee.

12 **5. The Contingent Nature of the Fee, the Financial Burden Carried by Lead**  
13 **Counsel, and the Opportunity Cost of Bringing Suit**

14 “It is an established practice in the private legal market to reward attorneys for taking the  
15 risk of non-payment by paying them a premium over their normal hourly rates for winning  
16 contingency cases.” *In re Wash. Pub. Power Supply Sys. Secs. Litig.*, 19 F.3d 1291, 1299 (9th Cir.  
17 1994). This practice encourages the legal profession to assume such a risk and “assur[es] competent  
18 representation for plaintiffs who could not afford to pay on an hourly basis regardless of whether  
19 they win or lose.” *Id.* “This incentive is especially important in securities cases.” *Stanger v. China*  
20 *Elec. Motor, Inc.*, 812 F.3d 734, 741 (9th Cir. 2016). Attorneys undertake “immense risks” in  
21 “prosecuting complex cases in which there is a great risk of no recovery.” *In re NCAA Ath. Grant-*  
22 *In-Aid Cap. Antitrust Litig.*, 2017 U.S. Dist. LEXIS 201108, at \*15 n. 42 (N.D. Cal. Dec. 6, 2017).  
23 There have been many securities class actions in which counsel for the plaintiffs took on the risk of  
24 pursuing claims on a contingency basis, expended thousands of hours and dollars, yet received no  
25 remuneration despite their diligence and expertise. One recent example involves the notable

26 \_\_\_\_\_  
27 <sup>4</sup> *See* Monteverde & Associates, PC, <https://monteverdela.com/news> (providing the ISS  
28 reports for each year).

1 securities class action against Tesla in this District. After years of litigation and despite the fact that  
2 the Court previously granted summary judgment on certain elements in the *plaintiff's favor*, after a  
3 lengthy trial, the jury returned a verdict in *defendants' favor*. *In re Tesla, Inc. Sec. Litig.*, 2022 U.S.  
4 Dist. LEXIS 88609 (N.D. Cal. Apr. 1, 2022) and *Tesla*, No. 3:18-cv-04865-EMC (ECF No. 671)  
5 (N.D. Cal. Feb. 3, 2023); *In re Tesla Inc.*, 2023 U.S. Dist. LEXIS 103682 (N.D. Cal. Jun. 14, 2023)  
6 (denying plaintiffs' motion for judgment as a matter of law or for a new trial).

7 While the contingent risks to plaintiff's counsel in securities actions are well-recognized, the  
8 risks faced by Lead Counsel here are even greater given the evidentiary record and need to  
9 successfully challenge the credibility of Defendants' business decision to exit a product/market –  
10 something a jury may not accept. In addition, litigating this Action required the devotion of a  
11 significant amount of the Monteverde Firm's resources and foregoing other opportunities, which  
12 should also be taken into account. *See Denton v. Pennymak Loan Servs., LLC*, 252 F. Supp. 3d 504,  
13 518 (E.D. Va. 2017) (stating counsel "is a small law firm and thus representing a client on a  
14 contingent fee . . . basis necessarily involved loss of other opportunities.").

15 To date, Lead Counsel has received no compensation in the Action, yet has invested 7,782.9  
16 hours for a total lodestar of \$5,460,580 and incurred expenses of \$397,680.55. Additional  
17 uncompensated work in connection with the Settlement and claims administration will be incurred  
18 going forward. The contingent risk, substantial opportunity costs, and Lead Counsel's significant  
19 commitment of time, money, and resources litigating this Action strongly favor a finding that the  
20 requested fee is reasonable.

## 21 **6. Reactions of the Class**

22 The reaction of the class is also a factor courts within this Circuit consider when evaluating a  
23 requested fee. *Omnivision Techs.*, 559 F. Supp. 2d at 1042. The "absence of a large number of objections  
24 to a proposed class action raises a strong presumption that the terms of a proposed class settlement action  
25 are favorable to the class members." *Nat'l Rural Telecomms. Coop. v. DIRECTTV, Inc.*, 221 F.R.D. 523,  
26 529 (C.D. Cal. 2004); *Churchill Vill., L.L.C. v. GE*, 361 F.3d 566, 577 (9th Cir. 2004) (affirming  
27 settlement with 45 objections out of 90,000 notices sent).

1 In this case, the Class was informed in the Notice that Lead Counsel would move the Court for  
2 an award of attorneys' fees not to exceed one third of the Settlement Amount and payment of litigation  
3 expenses not to exceed \$400,000. The Notice advised Class Members of their right to object to the  
4 proposed fee and expense request and that such objections are to be filed with the Court no later than  
5 December 21, 2023. While this deadline has not yet passed, to date no objections have been received.  
6 Should any objections be received, Lead Counsel will address them in the reply memorandum.

7 **7. A Lodestar Cross-Check Confirms the Requested Fee's Reasonableness**

8 Courts in the Ninth Circuit may, but are not required to, assess the reasonableness of the fee  
9 request through a cross-check of counsel's lodestar. *Farrell v. Bank of Am. Corp., N.A.*, 827 F. App'x  
10 628, 630 (9th Cir. 2020) (declining to mandate "[cross-check] requirement"). "While the primary basis  
11 of the fee award remains the percentage method, the lodestar may provide a useful perspective on the  
12 reasonableness of a given percentage award." *Vizcaino*, 290 F.3d at 1050 (noting the "lodestar  
13 calculation can be helpful in suggesting a higher percentage when litigation has been protracted.").

14 In this case, the lodestar cross-check emphasizes the reasonableness of Lead Counsel's fee  
15 request. The Monteverde Firm has provided time reports detailing the attorney time expended in  
16 prosecuting the Action for the benefit of Plaintiff and the Class. As of October 31, 2023, Lead Counsel  
17 expended 7,782.9 hours at market billing rates that reflect the attorneys' experience, skill, and reputation  
18 (between \$475-\$575 for associates and between \$750-\$975 for senior attorneys) for a total lodestar of  
19 \$5,460,580. *See e.g., Fleming v. Impax Laby's Inc.*, 2022 U.S. Dist. LEXIS 125595, at \*28 (N.D. Cal.  
20 July 15, 2022) (approving hourly rates of \$760 to \$1,325 for partners, \$895 to \$1,150 for counsel, and  
21 \$175 to \$520 for associates and noting that such "billing rates [are] in line with prevailing rates in this  
22 district for personnel of comparable experience, skill, and reputation"); *Hefler*, 2018 U.S. Dist. LEXIS  
23 213045, at \*39 (finding rates ranging from \$650 to \$1,250 for partners or senior counsel and from \$400  
24 to \$650 for associates as reasonable). Additional uncompensated attorney time will be incurred in  
25 seeking final approval of the Settlement and overseeing settlement administration. Even without  
26 factoring in that additional expenditure of time, Lead Counsel's fee request reflects a *negative multiplier*  
27 to its lodestar. Thus, the reasonableness of the fee request is even further evident, as courts in this Circuit

1 frequently award multipliers of around 4 times lodestar. *See e.g., Capacitors*, 2018 U.S. Dist. LEXIS  
2 169764, at \*52 (noting that “[i]n the Ninth Circuit, a lodestar multiplier of around 4 times has frequently  
3 been awarded in common fund cases”); *Facebook*, 522 F. Supp. 3d at 633 (awarding fee in \$650 million  
4 common fund settlement representing 4.71 multiplier); *In re Verifone Holdings, Inc. Sec. Litig.*, 2014  
5 U.S. Dist. LEXIS 20044, at \*11-12 (N.D. Cal. Feb. 18, 2014) (noting “over 80% of multipliers fall  
6 between 1.0 and 4.0” and awarding fee reflecting 4.3 multiplier).

7 Given the risk undertaken by Lead Counsel, its zealous advocacy, and the results obtained for  
8 the Class, the requested fee is reasonable. Each of the relevant factors supports the requested award.

9 **IV. LEAD COUNSEL’S EXPENSES ARE REASONABLE AND SHOULD BE APPROVED**

10 An attorney is entitled to “recover as part of the award of attorney’s fees those out-of-pocket  
11 expenses that would normally be charged to a fee paying client.” *Harris v. Marhoefer*, 24 F.3d 16, 19  
12 (9th Cir. 1994) (internal quotation marks and citation omitted). Here, although the Notice informed Class  
13 Members that Lead Counsel would seek reimbursement of up to \$400,000 in expenses, Lead Counsel  
14 is now seeking only expenses of \$397,680.55. “Expense reimbursements comport with the notion that  
15 the district court may ‘spread the costs of the litigation among the recipients of the common benefit.’”  
16 *Grace v. Apple, Inc.*, 2021 U.S. Dist. LEXIS 66294, \*17-18 (N.D. Cal. Mar. 31, 2021).

17 Lead Counsel has provided an itemized list of costs and expenses by category, and the expenses  
18 sought are of a type routinely charged to hourly paying clients and, therefore, properly paid out of the  
19 common fund. *Ochoa v. McDonald’s Corp.*, 2016 U.S. Dist. LEXIS 157302, at \*8-9 (N.D. Cal. Nov.  
20 14, 2016) (Donato, J.) (noting that “expenses should be paid from the common fund because all class  
21 members should contribute their fair share of the costs of the litigation from which they benefitted”).  
22 Most of Lead Counsel’s expenses relate to the retention of experts, which amounted to \$311,261.51.  
23 *Franco v. Ruiz Food Prods., Inc.*, 2012 U.S. Dist. LEXIS 169057, at \*61 (E.D. Cal. Nov. 27, 2012)  
24 (noting expert fees are among the “types of fees . . . routinely reimbursed”). Notably, Lead Counsel has  
25 excluded from its expense request the travel and lodging expenses incurred by the Monteverde Firm – a  
26 New York City based law firm – in prosecuting the Action. The excluded travel and lodging fees, which  
27 were substantial, will be borne entirely by Lead Counsel. Given that the expenses sought here are  
28

1 routinely charged to clients and reasonably incurred in prosecuting and settling the Action, Lead Counsel  
2 respectfully requests that the Court award Lead Counsel the entirety of its \$397,680.55 expense request.

3 **V. PLAINTIFF’S REQUEST FOR A SERVICE AWARD IS REASONABLE**

4 Pursuant to the PSLRA, a class representative may seek an award of reasonable costs and  
5 expenses directly relating to the representation of the class. *See* 5 U.S.C. §15 U.S.C. § 78u-4(a)(4).  
6 Factors considered in making such award include “the actions the plaintiff has taken to protect the  
7 interests of the class, the degree to which the class has benefitted from those actions . . . the amount of  
8 time and effort the plaintiff expended in pursuing the litigation” among others. *Staton v. Boeing Co.*,  
9 327 F.3d 938, 977 (9th Cir. 2003) (ellipse in original).

10 Plaintiff performed his duties as class representative here by responding to discovery, including  
11 collecting documents, answering interrogatories and requests for admission, sitting for a four-hour  
12 deposition, and communicating with Lead Counsel. In accordance with the Northern District Guidelines,  
13 Plaintiff has submitted a declaration setting forth the time and effort he spent monitoring the Action and  
14 the settlement process, conferring with Lead Counsel, and collecting and reviewing materials for  
15 discovery. *See generally* Declaration of Lead Plaintiff Saisravan Bharadwaj Karri.

16 Plaintiff seeks a service award of \$5,000 as reimbursement for his time and expenses in  
17 representing the Settlement Class. Lead Counsel believes a service award of this amount is fully  
18 supported by Plaintiff’s efforts. *Bellinghausen v. Tractor Supply Co.*, 306 F.R.D. 245, 266 (N.D.  
19 Cal. 2015) (collecting cases and noting “[i]n this district, a \$5,000 payment is presumptively  
20 reasonable” and service awards “typically range from \$2,000 to \$10,000”); *see also Todd v. STAAR*  
21 *Surgical Co.*, 2017 U.S. Dist. LEXIS 176183, at \*15-16 (C.D. Cal. Oct. 24, 2017) (collecting  
22 “numerous cases in which service awards of \$10,000 or more” are reasonable).

23 **VI. CONCLUSION**

24 Lead Counsel respectfully requests that the Court award: (i) attorneys’ fees of one-third of the  
25 Settlement Amount and payment of \$397,680.55 in litigation expenses, plus interest on both amounts at  
26 the same rate earned by the Settlement Amount; and (ii) Plaintiff a service award of \$5,000.

1 I, Juan E. Monteverde, declare as follows:

2 1. I am the Founding Partner at the law firm of Monteverde & Associates PC  
3 (“Monteverde Firm” or “Firm”), counsel for Lead Plaintiff Saisravan Bharadwaj Karri (“Plaintiff”)  
4 and Lead Counsel for the Settlement Class in this Action. I am admitted *pro hac vice* in this Action.

5 2. I submit this declaration in support of Plaintiff’s Motion for an Award of Attorneys’  
6 Fees and Expenses and Award to Class Representative Pursuant to 15 U.S.C. § 78u-4(a)(4).

7 3. The Monteverde Firm’s compensation for services rendered in this Action was  
8 wholly contingent on the success of the Action. My firm is seeking attorneys’ fees of one-third of  
9 the Settlement Amount, or \$5,083,333.33. These attorneys’ fees have not been paid from any other  
10 source to the Firm and have not been the subject of any prior request or award in any litigation or  
11 other proceeding.

12 4. The information provided herein regarding my Firm’s time and expenses is taken  
13 from reports prepared and maintained by my Firm in the ordinary course of business. I oversaw and  
14 led the day-to-day activities in the Action, and I have reviewed these reports as well as supporting  
15 documentation where necessary or appropriate in connection with the preparation of this declaration.  
16 The purpose of this review was to confirm the accuracy of the entries, as well as the reasonableness  
17 of the time and expenses committed to the Action. As a result of this review, reductions were made  
18 to the time and expense reports in the exercise of billing judgment. Accordingly, I believe the time  
19 reflected in the Monteverde Firm’s lodestar calculation and the expenses for which payment is  
20 sought herein are reasonable and were necessary for the effective and efficient prosecution and  
21 resolution of the Action.

22 5. After such reductions, the total number of hours spent on the Action by the  
23 Monteverde Firm is 7,782.90, representing a total lodestar of \$5,460,580.00. A task summary report  
24 is attached hereto as **Exhibit 1**, and a breakdown of my Firm’s lodestar is provided in a report  
25 attached hereto as **Exhibit 2**.

26 6. The following chart summarizes the work that the Monteverde Firm performed in  
27 prosecuting the Action from January 1, 2018, to October 31, 2023:

7. The hourly rates for my Firm are the usual and customary hourly rates charged for our services in similar litigation and are also in line with the hourly rates accepted in this District. *Fleming v. Impax Laby's Inc.*, 2022 U.S. Dist. LEXIS 125595, at \*28 (N.D. Cal. July 15, 2022) (approving hourly rates of \$760 to \$1,325 for partners, \$895 to \$1,150 for counsel, and \$175 to \$520 for associates, and noting that such "billing rates [are] in line with prevailing rates in this district for personnel of comparable experience, skill, and reputation"); *In re Yahoo! Inc. Customer Data Sec. Breach Litig.*, 2020 U.S. Dist. LEXIS 129939, at \*102 (N.D. Cal. July 22, 2020) (approving hourly rates of \$490 to \$975 for partners and from \$310 to \$800 for non-partners); *Hefler v. Wells Fargo & Co.*, 2018 U.S. Dist. LEXIS 213045, at \*39 (N.D. Cal. Dec. 18, 2018) (finding rates ranging from \$650 to \$1,250 for partners or senior counsel and from \$400 to \$650 for associates as reasonable). My Firm determined the hourly rates after careful consideration, including a survey of the prevailing market rates charged for mergers and acquisitions and securities litigation in New York.

8. For individuals who are no longer employed by the Firm, their "current rate" used for the lodestar calculation is based upon the rate for that person in his or her final year of employment with the Monteverde Firm.

9. Additionally, the Monteverde Firm is seeking reimbursement of \$397,680.55 in expenses incurred in connection with the Action. Notably, my Firm has excluded from its expense request the travel and lodging expenses that we incurred, as a New York City based law firm, in

1 prosecuting the Action. Attached hereto as **Exhibit 3** is a summary of these expenses. These  
2 expenses are supported by the books and records of my Firm, which are prepared from expense  
3 vouchers, check records, or other documents, and represent an accurate record of the expenses  
4 incurred in connection with this Action.

5 10. Attached hereto as **Exhibit 4** is the Monteverde Firm Resume.

6 11. Accordingly, my Firm incurred a total lodestar of \$5,460,580.00 and a total of  
7 \$397,680.55 in unreimbursed expenses in connection with this Action.

8 12. Plaintiff also seeks reimbursement for the time and expenses he incurred relating to  
9 his representation of the Settlement Class in this Action in the amount of \$5,000. Attached hereto as  
10 **Exhibit 5** is the Declaration of Lead Plaintiff Saisravan Bharadwaj Karri in support of his request  
11 for a service award.

12 I declare under penalty of perjury that the foregoing is true and correct.
